

a way to make her lessons more engaging.

When Ms. Perez went outside to check the weather she saw that there was a bad thunderstorm outside and unfortunately she wouldn't be able to have her lesson outside today. Ms. Perez wondered if there would be any way to stop this from happening in the future.

Ms. Perez decides to look at her phone for possible apps when she discovers the Hourly Weather Update app that automatically tells her the weather every hour but also cna warn her about severe weather and allow her to plan lessons days in advance with advanced forecast technology.

Ms. Perez is able to utilize the Hourly Weather Update app to plan her lessons so that she and her students can enjoy being outside as they learn.
